

Memo

To: NSCAD Board of Governors and Community

From: Presidential Search Committee

Date: October 9, 2018

Re: **Presidential Search Committee Update – October 9, 2018**

NSCAD's Presidential Search Committee has unanimously selected Knightsbridge Robertson Surette (KBRS) to assist us in the process as Search Consultants. We received six proposals in response to our RFP for services and all committee members agreed that the KBRS proposal best suited NSCAD's needs at this time.

Representatives of KBRS will begin the process by conducting interviews with a small selection of internal stakeholders (Board Members, Faculty, Staff and Students) to develop a draft Presidential position document. The draft document will then be shared with the broader NSCAD community for input before finalization as they begin the search process.

Jeff Somerville,
Chair, Presidential Search Committee
