**Re:** **Presidential Search Update**

---

NSCAD Community:

On behalf of the Presidential Search Committee I wish to advise the NSCAD community that our process is continuing.

We have recently met as a committee to continue to cull our pool of applicants and move towards a shortlist. Our intent now is to schedule second telephone interviews with the remaining candidates to continue to get to know these individuals and potentially reduce the number further. We are satisfied that we have a roster of highly qualified individuals identified and that we will be in a position to engage a top notch President to lead our university into the future.

Our hope is still that we will be able to introduce a short list of candidates to the community before the summer break. As soon as we are able to move to the next stage, we will be in touch to set out the process for faculty and staff engagement with the final candidates.
